

Report of Guest Lecture on Python Technology

(One Day Seminar)

A one-day seminar on “Introduction To Python Technology” was organized at Computer Lab on Saturday, 08th August, 2018 at G.H. Rasoni University, Saikheda. The seminar was organised as a part of Co-curricular Activity under the Department of Computer Science & Engineering with a vision of making students industry ready in terms of software knowledge. The workshop aimed at imparting knowledge on Python Technology , reasons of increase in popularity of python Technology & Opportunities in Python Technology.

In the first session of the program, Dr. K Vikram HOD, CSE introduced chef guest Mr. Animesh Jaipurkar , CEO QICE Technology . Dr. Ulhaskumar Gokhale Dean School of Engineering & Technology gave his best wishes to students for gathering knowledge & practicing new technology in Computer Science & Technology.

Mr. Animesh Jaipurkar started his session with opening note of different websites currently using Python language for managing their datasets. He explained in detail different features of Python Technology. He also take hands-on session on basics of Python using Python Editor, here special thanks to Mr. Amol & Mr. Ashish from IT Department for proper installation of Python in computers.

In the later session of program Mr. Animesh continued the hands on training covering various topics like Basic variable Declaration , Flow Control , String Manipulation , Functions , Input-Output & Lists. Mr. Animesh concluded his session with current placement scenario and future opportunities in Python Technology.

At the end of the session Dr. Sophia Ansari , Registrar GHRU felicitated Mr. Animesh Jaipurkar and conveyed her regards to students. Special thanks to Dr.Sophia Ansari , Dr.Ulahaskumar Gokhale & Dr.K Vikram for timely support & overall coordination.
